Sensory Catalog

Product	Sensory Description
Classic Vanilla	Follows the sensory profile of natural vanillin, while masking other major aroma molecules and bringing out the natural sweetness of vanilla.
Smoky Vanilla	A smoky vanilla that brings the scent of natural wood and resin to life, with a charred yet sweet undertone.
Brown Notes	The essence of vanilla rounded out with the robustness of deep, chocolatey scents and nuts roasted on an open flame.
Caramel Notes	Roasted sugars and smoky caramels typify this sensory profile, bringing to mind freshly-baked pastries taken out of the oven.
Sweet	You may choose your preferred sweetness intensity: mild /strong. This profile enhances the natural sweetness of vanilla. Highlights honey notes.
