Following the sensory profile of vanillin, masking other aroma molecules and bringing out the natural sweetness of vanilla.

SMOKY VANILLA

A smoky vanilla that brings the scent of natural wood and resin to life, with a charred yet sweet undertone.

BROWN NOTES

The essence of vanilla rounded out with the robustness of deep, chocolaty scents and nuts roasted on an open flame.

CARAMEL NOTES

Roasted sugars and smoky caramels typify this sensory profile, bringing to mind freshly-baked pastries.
